

# CERTIFICATION PROGRAM ON 56 BEHAVIORS OF HIGH PERFORMING TEAMS

29 July 2025 | 15:00 – 19:00 (Dubai Time)

 Virtual

At GENYX, we believe lasting growth—both personal and professional—comes from continuous learning, consistent action, and a strong commitment to self-improvement.

## What is 56 Behaviors?

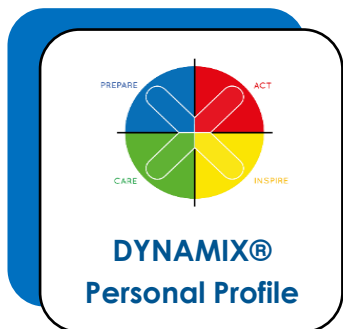

Through extensive research into the world’s highest-performing teams, we’ve identified **56 Core Behaviors** that consistently drive success. These behaviors are organized into 4 essential categories that define truly exceptional teams:

-  **Courage** – Face challenges, take risks, and own tough decisions
-  **Discipline** – Plan carefully, stay consistent, and deliver with focus and precision
-  **Commitment** – Show up, support each other, and stay aligned to shared goals
-  **Growth** – Embrace learning, adapt to change, and turn challenges into opportunities

The **56 Behaviors Assessment** provides a powerful lens for evaluating your team’s behavioral strengths while identifying key areas for development. It’s not just a diagnostic tool — it’s a plan for transformation and high performance.

# GENYX TESTIMONIALS

*"I enjoyed evaluating and using the Team Performance Level 2 Profile and having open discussions on team progression and team challenges"*

*"The DYNAMIX® profile helped me better understand myself, and accept and value other team members"*

*"How to work effectively with team members with different DYNAMIX® color preferences. It will help bridge communication gaps"*

*"Using the Team Performance Level 1 Assessment gave us more understanding of all our specific Team Strengths and how we can further enhance these, and rely on each other with a deeper sense of trust and collaboration"*

*"In fact, all parts were very beneficial for me, to understand our teams' individual DYNAMIX® profiles and how the team perceives our overall team behaviors"*

*"I found the DYNAMIX® & the Team Performance Certification Program very flexible; it provided us with tools that adapt well to individuals and teams to help improve communication through self awareness."*

*"I am very grateful to GENYX personally for the opportunity to learn a lot of new and useful things about myself and my abilities. The time spent at the DYNAMIX® & Team Performance Certification Program was very warm, productive and very informative"*

*"The DYNAMIX® & Team Performance Assessments can be used to encourage teams to identify their areas of improvement and adjustment. The Assessments give guidance on which techniques teams can use to better understand how to deliver a message to each other – they are a reference to better relationships, which is a rare find!"*

*"I am convinced that these virtual sessions with GENYX will open great opportunities for a better understanding of how each member of our team operates I also appreciate your DYNAMIX® way of animating these 2 days of Virtual Sessions It's usually a difficult exercise to keep the attention and action of so many people, and GENYX succeeded very well"*
