**DYNAMIX® SESSIONS TESTIMONIALS:**

- **“This was a new topic which I never knew I needed. The delivery was seamless, with live illustrations made for a refreshing comprehension. I benefited from taking a deep-dive into myself to identify what I contribute to the team, and how I can use this amazing new tool to foster a better team dynamic, and adapt myself to my opposites and who I complement in the team!”**
- **I really enjoyed the digital enhancements to the DYNAMIX® flow. The Card Game on the DYNAMIX® App was a great idea, keep asking them for more things like this!”**
- **“I am convinced that these virtual sessions with GENYX will open up great opportunities for a better understanding of how each member of our team operates. I also appreciate your DYNAMIX® way of animating these 2 days of Virtual Sessions. It's usually a difficult exercise to keep the attention and action of so many people, and GENYX succeeded very well!”**
