At GENYX, we believe that lasting growth – both personal and professional – comes from continuous learning, purposeful action, and a strong commitment to self-improvement.

What is DYNAMIX®?

The **DYNAMIX® Profile** is a powerful self-assessment tool designed to help you understand factors that drive your individual performance. Based entirely on your responses to a series of carefully researched statements, it provides analysis of your strengths and highlights opportunities for development. By gaining a deeper awareness of your own behaviors and motivators, you can take targeted steps toward improving your communication, influencing, and performance.

The individual DYNAMIX® Profile is complemented by 2 new Team Assessments: 56 Behaviors of High Performing Teams (new in 2025), and 16 Dimensions of High Performing Teams (2026).

DYNAMIX® TESTIMONIALS

"I found the **DYNAMIX® & the Team Performance Certification Program** very flexible; it provided us with tools that adapt well to individuals and teams to help improve communication through self awareness"

"I am very grateful to GENYX personally for the opportunity to learn a lot of new and useful things about myself and my abilities. The time spent at the **DYNAMIX® & Team Performance Certification Program** was very warm, productive and very informative"

"The **DYNAMIX® Profile** helped me better understand myself, and accept and value other team members"

"We learned how to work effectively with team members with different **DYNAMIX® color preferences**. It will help bridge communication gaps"

"In fact, all parts of the Certification Program were very beneficial for me, to understand our teams' individual **DYNAMIX®** profiles and how the team perceives our overall team behaviors. I especially like using the **DYNAMIX® Feedback Model**"

"I enjoyed evaluating and using the **Team Performance Level 2 Profile** and having open discussions on team progression and team challenges"

"The **DYNAMIX® & Team Performance Assessments** can be used to encourage teams to identify their areas of improvement and adjustment. The Assessments give guidance on which techniques teams can use to better understand how to deliver a message to each other – they are a reference to better relationships, which is a rare find!"

"My personal **DYNAMIX®** profile was so accurate and captured even the intricate details about me. It was enlightening to know the **Team DYNAMIX®**, using the **Team Diversity Grid**, the engaging activities, and the overall feedback taken"

"I am convinced that these virtual sessions with GENYX will open great opportunities for a better understanding of how each member of our team operates. I also appreciate your **DYNAMIX®** way of animating these 2 days of **Virtual Sessions**. It's usually a difficult exercise to keep the attention and action of so many people, and GENYX succeeded very well"

"Our **DYNAMIX®** profiles helped me understand different colleagues – how they think and act, and how I can adapt my communication style per their preferences"

"I really like the **DYNAMIX® Influencing session**; I think we all do that but to have such a concise **Influencing Model** only makes it better. This is something that we will continue to use. I want to take that and put it on the wall as a good reminder to go back to. It was really time well spent!"

"With the **56 Behaviors of High Performing Teams Assessment**, I was able to understand how a team thinks and behaves to achieve a common goal and how I will contribute to it"
